Dealer notes

Chevrolet Express 3500 Mini Shuttle Van Bus This Thomas Built bus is a low-mileage unit that is extremely well-equipped for 14 passengers. It features passenger seating with seatbelts, a rear carrier, a rear heat and air-conditioning system, multiple emergency exits, and a school bus-style side entry door. This very low-mileage unit is equipped with all six brand-new tires, tinted glass, and blind-spot emergency mirrors. This bus even includes the school bus-style fold-out stop sign with flashing lights. It is a ready-to-use vehicle that is perfect for after-school programs, churches, daycare transportation, shuttle services, and many other passenger transportation needs. With seating for under 15 passengers, these units typically do not require special licensing or registration in many applications. We do get these in from time to time, and mileage does vary. This is about the lowest-mileage example we typically see, but we currently have several available and more going through our service process. If you are looking for multiple bus or van purchases, reach out. This particular unit is by far the cleanest one currently in stock. Price does not include $0 processing fee
