Dealer notes

1991 Toyota Hilux 4WD Diesel “Right-Hand Drive This rare and highly desirable 1991 Toyota Hilux 4WD is a right-hand-drive diesel example, titled in Virginia and finished in gray over a matching gray interior. This truck represents the rugged reliability and simplicity that made the Hilux legendary worldwide. It's equipped with factory 15-inch wheels, mudflaps, a sliding rear cab window, running boards, and durable cloth upholstery. As part of the fifth-generation lineup introduced in 1988, this model benefited from improved corrosion resistance, a more ergonomic and spacious cabin, and enhanced overall refinement while maintaining Toyota's signature dependability. Powered by a diesel engine paired with 4WD, this Hilux is as capable as it is collectible—ready for work, adventure, or display. Be sure to check out the full walkaround video on the Davis Drives YouTube channel for an in-depth look at this exceptionally well-preserved import. If you're viewing this on any platform other than davis4x4.com or davisautosales.com please go to those websites directly to view more photos and the most accurate information.
