Dealer notes

If you are searching for a heavy-duty workhorse that refuses to back down from the toughest jobs, this 2011 Ford Super Duty F-450 DRW 4WD Reg Cab 165" WB 84" CA XL is the ultimate commercial solution. Striking a commanding presence in its sleek Black exterior, this dual rear wheel (DRW) cab-and-chassis truck is engineered to deliver unmatched utility and job site reliability. Designed with a generous 165-inch wheelbase and an 84-inch cab-to-axle (CA) measurement, this formidable vehicle provides the perfect, robust foundation for custom upfits, making it an indispensable asset for demanding industries and heavy-duty operations.Under the hood lies the powerhouse 6.7L OHV 32-valve V8 Power Stroke diesel engine, which is engineered to deliver massive torque and relentless hauling performance. Paired with a highly capable four-wheel-drive system and a dual rear wheel configuration, this Super Duty excels in challenging terrain and under maximum loads. Heavy-duty towing is made even more secure thanks to the inclusion of the high capacity trailer tow pkg, ensuring you have the structural capability needed for extreme trailering. Additionally, the integrated engine idle shutdown feature helps fleet operators and independent business owners optimize fuel efficiency and manage engine run-time during stationary operation on the job site.Inside the cabin, the practical Steel interior offers a focused, durable workspace designed to withstand the rigors of daily commercial use. Safety and driver control are highly prioritized with the factory-installed trailer brake controller, allowing for seamless synchronization and braking control between the truck and your heavy trailers. Long highway transits are made more manageable with the convenience of cruise control, reducing driver fatigue during extended hauls. Combining unstoppable diesel power, dual-rear-wheel stability, and a highly versatile chassis cab configuration, this 2011 Ford Super Duty F-450 is ready to tackle your most demanding business needs.
